

# Kavex<sup>®</sup> exterior cladding.

Textured PVC-UE Feather Edge and Shiplap Cladding

# Why choose Kavex?

Discover the superior quality of Kavex textured cladding, designed to offer the perfect combination of durability and aesthetic appeal. This cladding replicates the look and texture of natural wood, while providing a low maintenance and long-lasting alternative to timber. Ideal for both traditional and modern architectural styles, Kavex textured cladding ensures your property stands out with its authentic wood grain texture. Explore our range of colours and finishes to find the perfect match for your project.

-  Authentic wood effect
-  Excellent insulation
-  Low-maintenance
-  Quick & easy installation
-  Cost-effective installation
-  Rot-proof
-  UV Stability - guaranteed for 5 years
-  Comprehensive range of trims & accessories

Our cladding products offer a lower thermal conductivity (0.06 W/mK) than timber, concrete, mineral fibre boards, or brick. Made from PVC-UE, our cladding is fully resistant to damp, rot, decay, frost, and insect damage, offering long-lasting durability and protection.

The Kavex range is available in three traditional cladding profiles, Shiplap and Feather-Edge have both single and double plank options and Open V is available as a single plank. See table opposite for sizing detail.

Our Kavex range comes with a 5 year colour guarantee and a 15 year structure performance guarantee.

Available in the following colours:

-  White W
-  Cream 9001
-  Sand 1015
-  Light Grey 7035
-  Agate grey 7038
-  Light Blue X002

Due to the limitations of the printing process, the swatches and photography in this brochure should be taken as a guide and not an accurate representation of the actual product colour.
