This Guarantee will remain in force for 15 years from the date of installation of the products.

3. Cover provided under this Guarantee

- (a) Kestrel guarantees that, for the duration of this Guarantee, but subject to the other provisions of this Guarantee:
 - (i) the profiles and fittings will not warp or crack;
 - (ii) exposure to normal weathering will not result in any significant part of the woodgrain foiled profiles or fittings changing colour compared to Kestrel's relevant colour specification by more than grey scale 3 (where grey scale is determined in accordance with ISO105-A02). This paragraph 3(a) (ii) does not cover any change resulting from any form of shading (such as any overhang or any obstruction of the sun by any permanent or temporary structure or trees);
 - (iii) exposure to normal weathering will not result in any shrinking or delamination of the woodgrain foil from the profile to which it is adhered.
- (b) In the case of a valid claim under this Guarantee, Kestrel will, at its absolute discretion, either repair or replace the defective profiles and fittings. This Guarantee does not cover any labour costs incurred by the Customer or any third party in installing the repaired or replacement profiles and fittings.

 - (i) the profiles or fittings have not been stored, installed and maintained in accordance with Kestrel's recommended fixing details and maintenance procedures;

 - (iv) the defect is caused by wilful or accidental damage, vandalism or negligence (other than that of Kestrel or its sub-contractors);
 - (v) the profiles and fittings have been stored and/or permanently installed
 - (i) in climate zones where the ambient temperature regularly falls outside the range +40°C to -10°C, or
 - (ii) at elevations above 1800 metres above sea level;
 - (vi) the profiles and fittings have been exposed, in storage or end-use, to atmospheric pollution, acid rain, harmful chemicals or vapours, fire, lightning, flood, abnormal winds or earthquake, or the effects of external heat sources or reflective surfaces, or undue wear and tear, or other unusual conditions; or
